Dear Ms. Best:

This is the final response to your May 30th 2019, Freedom of Information Act (FOIA) request to the U.S. Coast Guard (USCG) for documents related to the WikiLeaks website or organization. This office received your request on June 12th 2019.

In responding to a FOIA request, the USCG/CG-6 will search for responsive documents in its control on the date the search began. We began our search on June 13th 2019.

We are granting your request under the FOIA, Title 5 U.S.C. § 552, as amended, and DHS' implementing regulations, 6 C.F.R. Chapter I and Part 5. After consulting with USCG Legal and as a matter of administrative discretion, I am releasing ALCOAST 571/10 ACCESSING PUBLICLY POSTED CLASSIFIED INFORMATION. I determined that it is appropriate for public release. It is enclosed in its entirety; no deletions or exemptions have been claimed. No additional documents were discovered as there has been no change to the policy in that document, and none of the references in the enclosure refer to WikiLeaks.

Provisions of the FOIA allow us to recover part of the cost of complying with your request. In this instance, because the cost is below the \$14 minimum, there is no charge.

This completes the U.S. Coast Guard response to your request. If you need any further assistance or would like to discuss any aspect of your request, please contact our FOIA Public Liaison by emailing efoia@uscg.mil or calling (202) 475-3522.

Sincerely,

A handwritten signature in black ink, appearing to read "James D. Roppel".
James D. Roppel
Chief, Office of Information Management.
